

MUHAMMAD AHSAN SAEED

Faisalabad, Pakistan • 0310-7019298 • saeedahsan016@gmail.com

PROFESSIONAL SUMMARY

Quick learner, detail-oriented, and motivated Computer Science student with strong problem-solving abilities and a passion for web and software development. Experienced in building responsive websites, interactive user interfaces, and database-driven applications. Able to work both independently and in a team, with a focus on clean, efficient, and user-friendly solutions.

SKILLS

• HTML, CSS, JavaScript	• C# and Windows Forms
• SQL Server Database Management	• Responsive Website Development
• Front-End UI Design	• CRUD Operations and Database Connectivity
• Visual Studio and VS Code	• Problem Solving and Team Collaboration

PROJECTS

Luxury Jewelry Store Website:

Developed a responsive e-commerce jewelry website using HTML, CSS, and JavaScript with a modern UI, product showcase, cart functionality, and smooth interactive sections.

Portfolio Website:

Designed and developed a personal portfolio website to showcase skills, projects, and contact information with responsive layouts, animations, and project sliders.

Student Record Management System:

Built a desktop-based Student Record Management System using C#, Windows Forms, and SQL Server featuring CRUD operations, role-based login, attendance, grades, courses, and student records management.
